Presents  
Blind Crosses-  
Where, When and How!  
Sat March 10, 2018**

Would you love to feel comfortable executing Blind Crosses?  
Are unsure of the best places to put them or feel like your dog  
doesn't read them. If you answered yes to any of these  
questions then the mini clinic is for you!

In this clinic we will run multiple shorts courses that will show  
you the best places to put BC and where other options may be  
better. You will learn the most efficient paths and critical  
points for you to run to and timing so your dog has all the  
information they need when they need it.

Dogs must be able to sequence at least 10 obstacles in a row.  
There will be no contacts or weaves in this clinic so young dogs  
are welcome!

There is a limit of 8 working spots.

This seminar will be held in our air conditioned indoor facility.  
The footing is sprinturf with rubber inlay and all state of the  
art equipment.
